Shade Variation

Each vitrified, porcelain and ceramic tile features variation of color, tone and texture among that make it unique. We rate these variations according to the following hierarchy:

- (V1) **UNIFORM APPEARANCE** : Difference among the pieces from the same production run are minimal
- (V2) **SLIGHT VARIATION** : Clearly distinguishable texture and/or pattern within similar colors
- (V3) **MODERATE VARIATION** : While the colors present on a single piece of tile will be indicative of the color on all tiles, the colors on each piece may vary significantly from tile to tile
- (V4) **SUBSTANTIAL VARIATION** : Random color differences from tile to tile, so that some tiles may feature completely different colors from those on other tiles. This variation creates an artful and unique installation

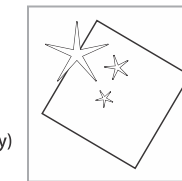

Less Bend and Warpage
 For plain and beautiful looking surfaces

Anti-Bacterial (for Marble finish)

Anti-Skid & Scratch Resistant for Matt, Barnio, Sugar finish Enamelia Polished(anti-scratch only)

Highest Gloss (for Marble Finish)
 For sparkling marble look surfaces

Maximum range of design and shade variations

Two innovative finishes

Barnio Finish

Its every bit of a tile - yet totally different...

Introducing the first-of-its-kind finish - Barnio

A cross between a tile and carpet, the Barnio finish although seems soft-matte like, has a zero sheen offering no reflection, thus making for a richer design appearance

But the real beauty of it overwhelms you when you "Touch it"

- Soft Touch
- Zero Sheen
- Non-Reflective
- Richer Design Appearance

Enamelia Finish

Every natural stone lover's dream presenting....

India's first "Anti-Abrasion technology" based finish- Enamelia

The glass-top like layer not only increases the strength of the polish, but seems like a precious jewel

What's more...It also resists all abrasion and improves the flatness and surface rigidity

So now bid adieu to all your abrasion related worries - Cos when the tiles with Enamelia finish turn your space into a fashion statement, rest assured there's very little that will scar it

- Superior Scratch Resistance
- Highest Polish and Gloss
- Enhanced Surface Rigidity
